R.Riders Group Ltd. provides full-service support for industrial machinery,
Including sourcing, buying, delivery, installation, warranty, and training.

We help new entrepreneurs and businesses achieve their
Goals with complete solutions.

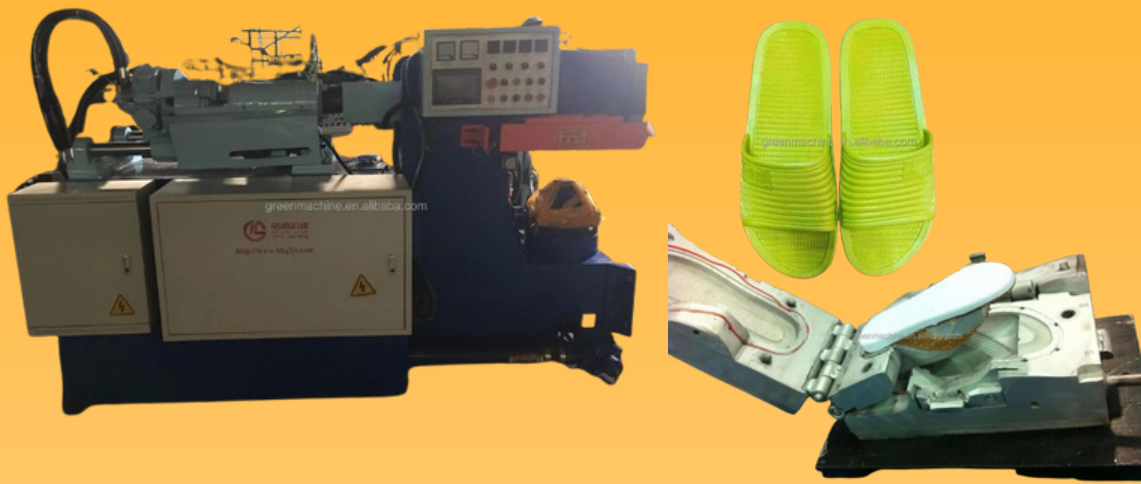

Full automatic PVC/TPR/ plastic slipper making air blowing shoe making machine

Main features:

1. Equipped blowing system, the products produced are lightweight, soft with shining surface, the weight would be 20%-30% less than that made in conventional way.
2. Recycle material can be injected. The products have good quality and super lightweight, almost the same as those made by all new material.
3. Automatic hydraulic mould opening device with the control system to make the movements fast and positive, as well labor saving.
4. Unique structure design has more capacity for much bigger moulds, also equipped mould cooling device for operating simply and making products perfectly.
5. The major mechanical movements, as injecting, feeding, disrotating, mould clamping etc... all controlled by programmable controller to have the movements more precise.
6. Equipped digital-type proportional controller to control mould-clamping, injection and feeding pressures at the right time and more accuracy.

RIDERS GROUP
